- Although we have a good teaching staff yet our non-teaching and administrative staff is very non-cooperative and rude (especially administrative staff.)

- They have very inappropriate behaviour when asked for help or query.

- ~~They~~ Also, college needs a good and spacious auditorium in order to conduct all the activities.

- College should conduct extra-curricular activities which are usually conducted in an ideal law college.

- Library is the most important place to gather knowledge and explore a intellectual world but contrary our place has a very less stock of books, a small place to study and a very rude and non-cooperative library librarian.
- Also we feel a great necessity of a auditorium an ideal law college should have. As we face problems in all the events conducted in our current "small" hall.

Both teaching and non-teaching staff is helpful and always ready to solve problems & encourage student.

- But need of participative discussion in classes.
- arranging programming for making or encouraging community development, & coordination inter-college.
- organise guest lectures so that can helpout to student who want to learn from diverse field experts.

As Compared to the other colleges of pune, our staff and teaching faculty is very supportive and friendly and not only in the teaching aspect but other extra-curricular activities too, as much as it doesn't even feel like a strict, restraining environment.

No

The canteen should be changed and also the menu.

Sport facility should be taken seriously for male and female.

pcun should be polite more and not rude at the time of admission.

Exam fee paying counter should be opened for more time coz people come from far away and due to 9am to 12:30pm the time is very less and most of them cannot make it soo it's difficult for everyone who comes from far away as well as people living in the city itself.

All Good ... Especially Teaching staff is worth appreciating always ..

Everything is worth studying in this college and i am very gratefull for every facility and my all the teachers are very energetic to overcome every hurdel .

The following things can get better : 1. College can provide online study material for students on the college website for every course . 2 . I have observed lack of activity based education such as presentations ;projects in the form of case study let students do their own presentations projects for internals rather than copy paste assingments ! 3. College should raise funds for various new acvities and projects and invest in their bright students . 4. Provide internships and bring new companies to our college . Rest everything i feel blessed to be a part of this college !

Thanks 😊👍

Library should be made available. We are forced to use ready made notes

Specifically wakade sir ,Bibve sir, Sirsat sir, and manoj sir are really good in all level so want thank you to institute for appointment of such nice and clever teacher .

Having considered the situation of Covid-19 pandemic and the College's attempt to lift up the students towards their goal, the college has done more that it can do in usual situation. I'm quite unsatisfied with the SPPU regarding the management of semester examinations which has delayed the academic year, but this is not the proper platform where I can express my views. Thank you.

More recommended books should be added to the library.

I experienced Poor facility about admission process there was too much crowd & waste of time Plz Take decision on it

Great College with significant helping teaching-non teaching staff.

None

No, thanks...

Pay attention to English as a medium of communication.. because this is the place where they can improve their personality and language effectively..

College staff and teachers are very helpful and very convenient

No library management, the librarian poorly manages the library , chaos always.

So far so good.

The learning process is very good

Kindly provide some extra space for library as well provide internet availability to all the students

The Syllabus and the curriculum is very well-planned, however I feel, ~~very~~ ^{including some analytically} tough problems, it can enhance our intelligence and legal reasoning skills. Internship opportunities can preferably be increased, so as to promote students towards learning skills. Various competitions can be conducted on more regular basis, to sharpen our skills.
