CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Since the institution is affiliated to Savitribai Phule Pune University, it follows the rules and regulations of the University in respect of curriculum. It implements the instructions and guidelines issued by the University in this respect. The college is recognized by the UGC under section 2(f) and 12(B) of the Act. It follows the rules of the UGC. The college regularly corresponds with the UGC and has received grants from it under XI and XII plans for various academic purposes and makes use of it to bring about enrichment in the curriculum delivery. The college has taken initiatives for effective delivery of curriculum by way of providing infrastructural facilities like projectors in the classrooms and the latest editions of various books for the library. The college organizes the guest lecture series wherein eminent persons from the field of law and other related fields are invited. This initiative helps the faculty to have interaction with these experts. These steps have helped the teachers impart the knowledge of latest developments in the world and to deliver this knowledge in an effective manner. Apart from this, the college takes initiatives to organize visits to the government bodies like the Supreme Court, Bombay High Court, nearby Police stations, the Central Jail at Pune.

The College ensures that the student coming to it should complete his/her law course without any harmful psychological impact. Therefore the college runs a counseling center and this center has a committee in charge of it. The center remains open two days in a week. A professional counsellor is invited to provide personal and psychosocial advice to the students from time to time. The faculty who plays the role of a mentor assists the students by offering academic consultation. The students can consult their mentor any time. Some experts are also invited to deliver lectures on social issues so that the students could be made aware of their society. So the students are provided both academic counselling and personal counselling as well.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The institution follows the rules of the University in regard to the evaluation. Therefore it is binding on the institution to abide by the rules and changes made in them by the University from time to time. The University has introduced internal assessment at the institutional level in 2017-18. Therefore the paper pattern has also been changed and the University adopted a 80:20 pattern for the assessment of students performance. Twenty marks have been allotted for internal assessment in each paper. The performance of the students is monitored throughout the semester by way of discussion, presentations and internal examinations. The college has implemented all these changes from time to time and the students are also informed about these changes. Since the faculties of the college are involved in the evaluation process, they inform the students about how the students are expected to perform in the examination. The college holds some sessions on the information of the evaluation process.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

To carry out teaching learning and the evaluation process systematically and smoothly, the college plans time-tables and an academic calendar including all

curricular and co-curricular activities in advance, i.e. at the beginning of the academic year. The Principal holds a crucial meeting with the faculty which also includes a member of non-teaching staff. In this meeting the activities of the year are discussed in advanced and planned in the academic calendar. Similarly the implementation of the time-table is also discussed in view of the university academic calendar. Because the academic calendar of the University actually determines the working days and holidays of the affiliated colleges. The college academic calendar shows the arrangement of all curricular and co-curricular activities date-wise. Similarly the Principal appoints two teachers to a time-table committee. These teachers have to prepare the time-table before the semester begins. The regular classes are conducted as per the time table. As far as evaluation is concerned, the performance of the students is examined in regular classes from time to time. The teachers have full freedom to assess the performance of the students within the framework of rules of the university and the decisions of the IQAC. The performance is assessed in both informal and formal manners. The students are intimated about the tutorials and tests in advance. The tentative schedule of the University examination is always displayed two months in advance and therefore the teachers are able to design their teaching plans. Similarly teachers prepare teaching plans at the beginning of the semester and these plans are always in consonance with the examination schedules and holidays.

Teaching-learning being the soul of education, they need to be effective and to make them more effective, the proper infrastructure must be available. Considering this principle, the institution has in place the policy regarding this. The institution ensures that the staff and students have access to the facilities essential for teaching-learning. The institution has the policy to augment the infrastructure facilities every year to match the academic growth. At the same time the faculty and the students use them optimally. The infrastructure facilities and classrooms are also made available for competitive examinations by other statutory bodies so that some fund could be raised. The issues regarding the infrastructure facilities are reviewed and discussed in the teachers' meeting with the Principal and put forward before the IQAC and the Local Management Committee. The decisions are taken in the meetings of these committees. The institution aims to secure funds from the statutory agencies like Savitribai Phule Pune University and the UGC so that

the existing infrastructure could be maintained and new facilities could be purchased to help the teaching learning process. In the past five years the college used the funds received from the UGC under XI Plan and from the University. In addition the institution uses its funds to purchase such facilities whenever necessary.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The college has developed its own vision and mission and works in that direction. The vision and mission of the college is integrated with the motto of the Society, "Bahujan Hitay Bahujan Sukhay" (In the interest and welfare of the common masses). Therefore the college conducts all necessary activities in the interest of students along with maintaining the standard of teaching learning. Similarly leadership is decentralized to a certain extent. At the institutional level the Principal and the teachers can take decisions on their own and certain decisions are taken and approved of by the management of the Society. At the college level the IQAC and the CDC play a crucial role and most of the decisions are finalized by them. However decisions regarding financial provisions need the approval of the General Secretary of the Society. Students have representatives in the Students Council and various committees such as

Anti-ragging committee, Grievance Redressal Cell Committee, Magazine Committee, and committees for various programmes. If the students have any grievances, they can use the grievance box or can write a letter to the Principal regarding their complaint and it is immediately dealt with thereafter. The decision in regard with the sports and cultural activities were taken in consultation with the students council and implemented in the same way.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Examination and Evaluation	As far as evaluation of the students is concerned, the institution follows the rules prescribed by the University in this respect. The students appear for the semester examinations and their papers are assessed at a centre specified by the University. All their grievances regarding evaluation are addressed by the institution as per the rules. The institution also examines students internally through tests and tutorials, presentations, group discussion or case studies. By this way the institution tries to make sure it achieves its learning outcomes. As far the
Teaching and Learning	The teaching-learning process is enhanced by various ways such as teaching plans, academic calendar, time tables, diaries and the supervisory role of the Principal. The IQAC of the college also contributes significantly to this process as most of the crucial issues relating to the College are discussed in its meetings. Teaching of the syllabi is monitored by the Principal and she also uses the tools like time tables, diaries of the teachers and sudden visits to ongoing classes. Apart from this, there is a mechanism of feedback from the students both about all general facilities and teaching and about teachers especially.
Curriculum Development	Being affiliated to the University, the institution cannot develop the curriculum on its own. However, it directly and indirectly contributes to the process of curriculum development. One of the faculty members of the college is a chairman of the Board of Studies in Law from 2018 to 2022. So he participates in the meetings of the Board and has been contributing in the

	revision and review of the curriculum.
Research and Development	The institution has set up a Research Cell equipped with all the essential facilities like computers with internet connectivity, books and furniture. The Cell works under the research committee which facilitates and monitors the research activities conducted by the students and teachers.. The Cell is accessible to both teachers and students. The teachers doing projects and doctoral research are supported by the institution through this Cell.
Library, ICT and Physical Infrastructure / Instrumentation	The institute has focused on the mobilization of financial resources in order to utilize them properly and optimally. It has spent a considerable amount of money on e-learning resources, infrastructure, and ICT based equipment for teaching learning. There is also a separate budget heading for books, e-resources and other equipment to enhance the infrastructure of library and automation of the library.
Human Resource Management	The institution ensures the effective implementation of quality assurance procedures by way of effective human resource management. a) The nonteaching is given training of the administrative work under the guidance of senior co-staff members. b) When new software for administrative work is installed, the staff is given training on its use and benefits by the service providers. c) The administrative staff is also sent out to participate in workshops on administration so that they could get ideas of various works being implemented in other colleges. d) The faculty members also participate in workshops, seminars and conferences so that they could update their knowledge in the subject. The teachers also guide and help the new teachers joining the institution from time to time. The time table is prepared to accommodate the new teachers with situation.
Admission of Students	The college had already purchased the software for admission, CMS (college management system) but it was not adequate for handling the admission process completely. In 2014 the institution brought about change into it. The software was modified for more details. Now the CMS software is used

to make an online application by students from anywhere. It has become easy for students to apply this way. It has also become easy for college to collect the data of students by generating various reports through this software.

6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
Planning and Development	For preparing budgets and academic preparations, various softwares and emails are used for communication. The activities are planned in advanced and the required facilities are augmented during the course of time.
Administration	The college uses CMS software for administration in respect of admission of students, university websites for filling examination forms, eligibility and other related facilities.
Finance and Accounts	The software like Tally 2.0 is used for financial related works. The accountants are also given training of the new software. the microsoft excel is used in the office for this purpose.
Student Admission and Support	The college has been using CMS by Mastersoftware Co. Pvt. Ltd for admission of students, fee receipts and generating various reports about students.
Examination	Since the examination is conducted by the university, the forms of the examination are filled on its websites. The result of the examinations are also made available on the same website. For the first year of LLB and BALLB the college is using MS excel sheets for the preparation of results.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The institution has its own vision and mission reflecting the learning outcomes. In order to achieve the mission and its learning outcomes, it prepares action plans to implement the curriculum prescribed by the University and for the smooth process of administration. The college prepares teaching plans, time-tables of the semesters and an academic calendar every year. The teachers maintain the diaries about the classes and the activities conducted by them. For effective delivery of curriculum, the college provides infrastructural facilities such as projectors in the classrooms and the latest editions of various books (texts and reference) for the library. To enrich the curriculum, the institution conducts additional activities such as visits to Bombay High Court and its Bench at Aurangabad, the Supreme Court, National Law Commission, the Pune District Court, the Central Jail at Pune and participation in Lokadalats and the others. Similarly the institution also establishes its network with the UGC and the University to get the benefit of the schemes introduced by them to enrich the curriculum. The faculty also offers suggestions to contribute to the revision or modifications in the syllabus prescribed by the University. There is academic flexibility for students so that students can do a degree course and a diploma at the same time. Similarly the college offers academic flexibility in the optional subjects prescribed by the University for the first, second and third year of three year degree course and the third, fourth and fifth year of five year degree course. Similarly the post graduate students are offered elective options and skill development programmes. The college offered a short term course on its own under the Equal Opportunity Centre, a scheme introduced by the UGC under XI Plan for the sake of positive discrimination. In order to make students aware and responsible, the college ensures that current issues such as gender, climate change, environmental education, human rights and ICT are included in the teaching learning process. The institution holds various activities on such issues. Furthermore, to improve upon the performances of teachers and the organizations of the activities, the institution collects feedback from students. Students' feedback regarding the curriculum is also conveyed to the Board of Studies in Law of the University. Being head of the institution, the Principal monitors and evaluates the quality of teaching and the enrichment programmes. She also conveys the same to the stakeholders such as the members of the management of the Society and suggestions are sought from them for further progress.
