Library Automation - Integrated Library Management System (ILMS)

The institute has adequate library resources to facilitate the learning resources. The library is considered as an essential part for the students and teachers for reference and research. Over the years the students have used the facility extensively for self-study.

The library is updated, digitized and partially automated and uses the Integrated Library Management System. In order to provide maximum access to the students, the college has been taking deliberate efforts to use ICT enabled facilities in the library. For that LIB-MAN, Web OPAC has been made available. Bibliographic record is well updated to ease the library accession.

The library gives open access to all the students bearing their identity cards with QR codes. Identity Cards are integrated with the library management system. A Card accession system is maintained by the library staff, which has made it easier for library staff to maintain the records. Library collection includes a special collection of competitive examination books and Braille books.

Till date there are a total 18,293 books. Library resources are not only confined to the books but also include various journals, periodicals, and newspapers of Indian as well as of International publications. Beyond that, photocopies of case laws, question papers, syllabus, reference books etc. are also made available to the students.

To assure effective and optimal use of the library the college has set up a Library Advisory Committee consisting of faculty members which ensure provision of quality knowledge to students via resources of the library. Thus, updating and maintaining the library, recommending essential reading are key concerns of this committee. Annual update of e-resource databases like Supreme Court cases, Criminal Law Journal and High Court Cases, is also focused upon by the committee. A separate register of the students availing e-resources is also maintained.

Special attention is provided to the students coming from marginalized sections of the society. College has availed governmental schemes which prescribes concessional book supply to the students from scheduled castes and scheduled tribes. Under which, out of the mentioned books 1767 books have been purchased. Apart from that, 'Earn and Learn' scheme has been much of a help to students belonging to economically weaker sections. Students working under this scheme help library staff in maintaining the library.

To prevent thefts and damages of the books security deposits and security mesh is provided. Effective efforts are also taken by the college to prevent damage to the old books. Regular Pest controlling, moth balls and regular spraying of insecticides is done for securing the library. Besides that E- Resources are secured by updating antivirus software systems.

- Name of ILMS software: **LIB-MAN- A Library Management Software**
- Nature of automation (fully or partially)- **Partially**
