## **Waste Management Policy**

It is observed that Indian cities and towns are found littered with garbage and represent an ugly look at many places within the city/town. In most of the towns/cities, only important locations are maintained cleanliness leaving other places chocking with uncollected waste. The collected wastes are disposed on un-attended land-fills; and it is a long-way to see that the entire waste collected by a city or town is processed and only remnants disposed in landfill.

Yashwantrao Chavan Law College, Pune, came into existence in 1978, with the objective to impart legal education. As a part of the fundamental duty of the every citizen college has realised the importance of Holistic Waste Management approach which is essential in reducing its environmental footprint and providing a safe and healthy work environment for teaching and non-teaching employees, students, and visitors.

The College has a duty to ensure that all the campus wastes are disposed of responsibly by using proper waste segregation mechanism at the source and if possible, converting it into value added environment friendly product. Furthermore, the Solid waste, Liquid Waste, E-Waste should be disposed or managed by government approved, registered waste contractors. The purpose of the policy is to facilitate implementation of the action plan brought out in 'National Environment Policy 2006'

The College adopts the principles of the 'Best Practicable Environmental Option' in the delivery of its waste management services. The Institute and there by College applies to **Reduce, Reuse, Recycle and Recover** waste products in preference to the disposal of waste to landfill.

Maximise reuse and recycling where possible. The College requires all the teaching and non-teaching staff, students, guests and anyone else making use of the premises to comply with this Policy to ensure compliance with all waste legislations.

Any solid Wet and Dry waste generated in the campus is managed and handled in accordance with the compliance criteria and the procedure laid down by Municipal Corporation.

### **Policy Objectives:**

The Objectives of Waste Management Policy are

- To ensure that waste management is performed in accordance with all waste legislative requirements, including the duty of care.
- To plan for future legislative changes and to mitigate their effects.
- To minimise waste generation at source and facilitate repair, reuse and recycling over the disposal of wastes in a cost effective manner.
- To promote environmental awareness in order to increase and encourage waste minimisation, reuse and recycling.
- To ensure the safe handling and storage of wastes on College campus.
- To provide appropriate training for teacher, resident, staff, students and other stakeholders on waste management issues.
- To promote holistic approach of waste management in the campus.
- To conduct various environment awareness programs in the campus like Tree Plantation Programs, Guest Lectures, Street Play, Rally etc.

#### Organisation and Management:

The responsibilities and organisational arrangements for this Waste Management Policy lie with a variety of personnel within the College.

#### Advisory Board:

- a. Principal- Chairman
- b. Co-ordinator- IQAC Member Secretary
- c. One Senior member -OS

The waste could either be recycled/reused or disposed includes paper, plastics, glass, liquids. Shredder Machine is purchased to recycle the used dry papers. Most of the time as policy one-sided blank papers is also used for rough use. For the disposal of E-Waste in the premises an agency has been given contract to collect and dispose E wastes as and when required.

Date: 10/07/2017

  
Principal

The Society, Akhil Bharatiya Maratha Shikshan Parishad runs the institution along with other institutions in the campus of 67 acres. To keep the campus eco-friendly, the Society and the institution continue to work in that direction and have taken initiatives in the past five years. The society also conducted the green audit of the campus through Green Water Solutions Provider Pvt. Ltd., Pune.

The College has segregated waste into three parts:

1. Liquid Waste
2. Hazardous Lab Waste

#### **1. Solid Waste:**

The waste is generated by all sorts of routine activities carried out in the College that includes paper, plastics, glass, metals, foods, etc. The waste is segregated and collected at designated time intervals. The garbage is collected and compiled in the dustbins (Green and white) provided at each floor. The floor dustbins are emptied in movable containers/dustbins provided for each block and is taken to the dumping yard provided by the College.

The College has contacted an authorized vendor who collects the waste from the designated place, segregate them, recycles them and disposes them at the landfills authorized by the government.

#### **2.. Liquid Waste:**

Liquid waste generated by the College are of two types:

1. Sewage waste
2. cafeteria effluent waste

#### **3.E-Waste Management:**

Flip flops, memory chips, motherboard, compact discs, cartridges etc generated by electronic equipment such as Computers, Radio, TV, Phones, Printers, Fax and Photocopy machines are recycled properly. Instead of buying a new machine buyback option is taken for technology up gradation. The e-waste generated from hardware which cannot be reused or recycled is being disposed off centrally through government authorized vendors.

विषय- ई-कचरा गोळा करण्याबाबत

संदर्भ-Law/२३/२०१८ दि. २५-०९-२०१८

महोदया,

अगस्ती कॉम्प्युटर एजेन्सी पुणे हि वेगवेगळ्या संस्थाकडे जाऊन ई-कचरा गोळा करते व नियमानुसार ती त्या कचऱ्याची विल्हेवाट पुणे महानगरपालिकेच्या मदतीने करते. वरील संदर्भीय पत्रानुसार आपल्या महाविद्यालयाने महाविद्यालयातील ई-कचरा गोळा करण्यासाठी आमची एजेन्सीची निवड केली आहे. तरी आम्ही हि ऑफर स्वीकारून पुढील पाच वर्षासाठी करार करित आहोत. प्रत्येक सहा महिन्यांनंतर आपल्या महाविद्यालयातून ई-कचरा गोळा करून त्याची पावती आपल्याला दिली जाईल.

आपला विश्वासू,

Sub: Disposal of e-waste

Sir,

Our college uses electronic and technological equipment for teaching learning, administration purposes and the library on a day-to-day basis. Some electronic and technological equipment are not in working condition or become useless and such e-waste need to be disposed off in the proper manner. We would like to have an agreement with your agency from 2018-19 to collect the e-waste, any manner whatsoever, from the college and dispose it off properly with the help of expertise agency in the field of e-waste disposal.

Thank you.

Yours faithfully,  
**Gholap**  
Principal
